Re: **OPPOSE** Engardio-Breed-Dorsey “Constraints Reduction Ordinance” (“Housing Production”) **File #230446**

Dear San Francisco Decision Makers:

The undersigned environmental, housing, economic justice, community, and climate crisis response organizations write to voice our **strong** opposition to the Engardio-Breed-Dorsey “Constraints Reduction” ordinance. It would enact drastic and sweeping exceptions to San Francisco's environmental and community review of real estate projects and would undermine health, environmental, economic and neighborhood protections.

The Engardio-Breed-Dorsey “Constraints Reduction Ordinance” (aka “Housing Production Ordinance”) contains massive unprecedented waivers of local environmental, community and demolition review that are absolutely unacceptable, all in the name of producing housing called "affordable" when most of that housing would be for families making over \$230,000 per year!

This ordinance would worsen:

- **The Unaffordable Housing Crisis** - This ordinance promotes building new high priced housing that is *not* affordable. It is ridiculous that the ordinance calls housing built mostly for families making over \$230,000 per year “affordable”. We already have a 50% *oversupply* of housing for those income levels!
- **The Homelessness Crisis** - The gentrification spurred by this ordinance would push most rents citywide even higher, driving more middle, working and lower class San Franciscans either out of the city, or onto our streets where they will face unacceptable dangers of declining health, street crime, and underemployment.

- **The Vacant Housing Crisis** - San Francisco has at least 60,000 vacant housing units, most of them *far* overpriced. We also have empty office space that can be converted into thousands more apartments. We do not need more housing construction, we need to make our existing housing space affordable!
- **The Environmental Justice & Equity Crisis** - This ordinance would gut environmental and community review protections and would establish “Urban Renewal” style redevelopment zones, setting precedents that would allow corporate real estate giants to even more easily build unhealthy housing on toxic and radioactive waste sites like those in Bayview Hunters Point and on Treasure Island (which local, state and federal agencies have falsely declared “cleaned up”).
- **The Climate Crisis** - This ordinance is bad for the environment. Allowing sweeping demolitions and expansions of existing homes and apartments, to replace them with luxury condo and rental towers, will use massive amounts of new cement and other building materials releasing *more* greenhouse gases, not less.

This ordinance would build housing for the wealthy, create more homelessness, and is an environmentally destructive giveaway to rapacious Wall Street and corporate real estate speculators. Please vote DOWN this unacceptable corporate attack on San Francisco’s environmental, economic, cultural, and community integrity!

Sincerely:
