

The June 2016 primary is arguably the most important election for our country since Franklin Delano Roosevelt (FDR) ran for President during the time of Great Depression. As in the 1930s, the division between the rich and the poor has reached its highest levels in U.S. history, and is tearing apart the fabric of the nation. It is vital that voters go to the polls to enact revolutionary change.

**President of the United States  
Democratic Primary**

**BERNIE SANDERS**

**U.S. House of Representatives**

**BARRY HERMANSON**
