

Voter Guide ~ June 5, 2018

Mayor of San Francisco

Vote for Mark Leno, Jane Kim, and Amy Farah Weiss in this order:

Amy Farah Weiss

Amy Weiss is unlikely to win, but is the most progressive candidate, and has asked her supporters to also vote for Mark Leno and Jane Kim. Ranking Weiss first helps Leno and Kim gain more votes.

Mark Leno

Mark Leno fought tenaciously as our San Francisco state senator for clean energy, civil rights, and to halt real estate gentrification.

Jane Kim

Jane Kim has been endorsed by the Bernie Sanders founded organization Our Revolution. As a supervisor, Kim passed important rights for tenants and has challenged the Navy, EPA, and state and local regulators, for allowing land contaminated with toxic and radioactive waste to be developed by Wall Street developer Lennar, Inc.

Tomorrow's June 2018 primary and special mayoral election is crucial to the future of San Francisco. Wall Street real estate developers and tech billionaires who control the mayor's office and have been gentrifying and destroying our neighborhoods for decades, are now spending millions to install their latest pick for mayor (London Breed) who would perpetuate yet another decade of corporate profit-making at the expense of the city's beauty, diversity, character, and compassion. Please use all three of your ranked choice votes to help elect a mayor who will defend and restore the city, not sacrifice it to corporate greed.
